Needed help with firewise lot cleanup and was so impressed with Ted's professionalism and reliability that we increased the scope of work to include Rock work to reduce our future maintenance time, swale installation to minimize erosion concerns and scarification and grading to make the property safer to walk around. The crews worked efficiently and tirelessly rain or shine completing the project sooner than expected. They were tidy and thoughtful even power washing our street frontage after monsoon made a mess. In these days of unreliable vendors who often do shoddy work, we were delighted to have found a firm that is well managed and fairly priced and whose employees have an obvious pride in their work. Gee...imagine that?!

I was in need of low maintenance rear yard landscaping, including dripline, plants, pavers, gravel, boulders, low voltage lights, fake grass, and a water feature. I got it all at a reasonable price and great quality! I would recommend Yavapai Landscaping to a friend.

Amazing and professional!! We had them scrape and grade a very large portion of our yard. Phase 2 was improving our drainage around the house by bringing in tons of rock to create decorative yet functional dry river beds. They also brought in smaller rock to create a natural and incredibly beautiful yard that looks great and functions perfectly during heavy monsoons!! In addition, we had them place an AMAZING Gabion Wall at the entrance to our property!!! Phase 3 is coming soon and we will definitely be using Yavapai Landscaping!!

Ted, Cheyenne & Caesar's Crew are Rock Stars! Super Awesome Customer Service! The entire Yavapai Landscaping Team are so kind, knowledgeable, helpful and such hard workers. The workmanship that the team put into our project was over the top. I would refer Yavapai Landscaping to my friends and family for any of their landscaping needs. Thank you for all the hard work Team Yavapai and making this our Landscaping company of choice!

Yavapai Landscaping provides excellent customer service from the people who work in the office, the people who perform the services, to the owners of the company! Yavapai Landscaping is the company you want to use for any landscaping work because of the product they deliver and the kind of people you get to work with!

I would highly recommend Yavapai Landscaping. We moved to Prescott in August, 2020 from Delaware. We worked closely with Ted from Yavapai and found him to be an honest and forthright person. We were on tight budget after our cross-country move. Ted worked closely with us and we were able to stick to the budget. The Landscaping crew was timely, polite and worked extremely hard in the heat to finish our project. Because we have 2 dogs, it was important get the landscaping in place quickly.

Look no further than Yavapai Landscaping if you need any landscaping work! From taking our vision to making it real, Ted was outstanding. Both Ted and the workers were professional, timely, detailed, focused and hard working. Ted checked the job site frequently, consulted with us and was extremely flexible with changes and requests. The final product exceeded our expectations and completely changed the look of our home. Could not be more pleased!!!

We are 2 senior women who bought a new build home in the Granville Community of Prescott Valley. Buying an empty lot requires both front and back landscaping to help enjoy the beauty of a new home. We selected Yavapai Landscaping after reading great reviews and talking to other homeowners. We were blessed to have Ted Ferris as our project manager. An unexpected illness prevented us from moving into our new home as scheduled but Ted used our vision and created a stunning front and backyard scape. When we were able to move in, the inside and outside were beautiful. Thank you to Ted and his wonderful and hardworking crew for their quality work.

Yavapai Landscaping did a great job on our project. Ted and his crew are awesome and completed front and backyard landscaping including boulders, drip system, tree and shrub planting. They also did a fantastic job improving our driveway access. They're quick to respond when adjustments need to be made. Planning our project was a breeze. I'd call on Yavapai again for future landscaping needs.

Provided complete landscaping of front and back yards. Pavers, Trees, drainage, irrigation, shrubs, artificial grass, rocks and more. Complete package. Helped with design, incorporated our priorities, very intuitive in regard to our future and current needs. We had scheduled several months prior to our closing date and Landscaping started within a couple of days after closing. Completed the project in 2 weeks just as projected. Crew was very professional and was easy to communicate with. Very happy. No extra fees that were not in the original invoice, with the invoice being very detailed. Definitely a great experience with a great Landscaping Company.

Yavapai Landscaping designed and implemented landscaping plans for my new house in both the front and back yards. The plans included installing pavers and turf as well as choosing and installing suitable trees and shrubs. I am very happy with the quality of the work they did as well as the professionalism they exhibited. The supervisor was always responsive to my many questions and the team was very hardworking and pleasant. I highly recommend them.

This company and Ted in particular, worked diligently to provide us with an excellent landscaping job and make sure we were happy with the result. One item in question was resolved immediately after Ted took a look. We were told most jobs were two months out and they showed up in about a week, due to having our materials and being a smaller job. Ted also provided input on some other future projects, I would recommend this company.

Yavapai landscaped our front and rear yards and they look beautiful. They quickly addressed any issue we had or changes we wanted to make. Our salesman Ted was always available to answer our questions and ensure we were satisfied. The construction crew was excellent and always cleaned up at the end of the day. We would definitely recommend this company.

Yavapai Landscaping recently completed the landscaping at our new home in The Dells and we are so happy with the final result that we have already recommended them to several of our future neighbors. Prior to moving into our home we spoke to several local companies regarding a landscaping plan and Yavapai quickly became our company of choice. Ted listened carefully to our vision, made additional suggestions and created a comprehensive plan for us. We collaborated throughout the process with Ted, Nathan and their team of landscape professionals and when it came time to begin the project, they worked six days a week and completed the work in a timely manner. They kept their promises, delivered a superior product on schedule and far exceeded our expectations. We would highly recommend Yavapai Landscaping.

Performed trench digging, mostly rock landscaping, low voltage power lighting, installed flag pole and built steps. There were critical timing issues with other construction procedures that required work to be performed at a certain time. Yavapai Landscaping met every time requirement and did incredible work at a fair and reasonable price. I will be hiring them for my next project.

Ted did a fantastic job of providing ideas for our landscaping and a great fire ring in the back yard. The crew worked hard and we were and are very pleased with the end results.
